

PROFESSIONAL SUMMARY

Results-driven Software Developer with 3+ years of hands-on experience building mobile, web, and full-stack applications. Proficient in Flutter, Kotlin, Java, Node.js, and Python, with a strong foundation in RESTful API design, VPS server management, and QA/QC testing. Experienced in Agile/Scrum environments, with a track record of delivering production-ready applications. Passionate about clean architecture, cybersecurity, and continuous improvement.

WORK EXPERIENCE

Lead Developer

BytesPm — Property Management System | 2024 – 2025

- Led full-stack development of a property management system, overseeing architecture and implementation.
- Designed and maintained RESTful APIs, conducting thorough API testing and performance validation.
- Managed VPS infrastructure on DigitalOcean/Linode, handling SSH hardening and server security.

Software Engineer (Internship)

Tekmer — Marketing Platform, Istanbul Ayd■n University Initiative | 2023 – 2024

- Contributed to software development projects supporting Tekmer's digital marketing platform.
- Collaborated with cross-functional teams in an Agile environment using Git for version control.

Programmer (Full-Time)

Atlanteco — Application Development | 2023

- Delivered full-stack features using Node.js (Express.js), Flutter, and MySQL.
- Built and integrated RESTful APIs connecting mobile front-ends to backend services.

Mobile Application Developer (Project)

Istanbul Ayd■n University | 2023

- Developed an interactive Python teaching mobile application using Java and Python.
- Implemented gamified learning modules improving student engagement with programming fundamentals.

TECHNICAL SKILLS

Mobile Development: Flutter & Dart, Kotlin (Jetpack), Java (Android), Flutter Web / PWA

Web & Backend: Node.js, Express.js, .NET (ASP.NET MVC, Entity Framework), HTML/CSS/JavaScript

Languages: Python, Java, Kotlin, Dart, JavaScript, C, C++, C#, Golang (Pocketbase)

Databases: MySQL, PostgreSQL, NoSQL (Firebase/Pocketbase)

DevOps & Cloud: Linux (Ubuntu, Kali), VPS Management (Linode, DigitalOcean), Render, basic AWS/GCP, Git & GitHub

QA & Security: Manual & Automated Testing, Bug Reporting, Penetration Testing, Nmap, Wireshark, Burp Suite, Metasploit

Methodologies: Agile, Scrum, OOP, REST API Design, Software Project Management

Design & Other: Adobe Photoshop, Canva, UI/UX principles, TCP/IP Networking

EDUCATION

Bachelor of Science — Software Development (English)

Istanbul Ayd■n University, School of Applied Sciences | Istanbul, Turkey

CERTIFICATIONS & COURSES

- **CS50: Introduction to Computer Science** — Harvard University (2023)
- **Kotlin for Android Development** — Istanbul Aydın University (2022–2023)
- **Node.js & Backend Development** — Istanbul Aydın University (2022–2023)
- **.NET Full Stack Development (C#, ASP.NET MVC, Razor Pages)** — Istanbul Aydın University (2023)
- **Java Programming — OOP, Data Structures, Algorithms** — Istanbul Aydın University (2023–2024)
- **QA & QC Testing — Manual/Automated, Defect Tracking** — Istanbul Aydın University (2023)
- **Software Project Management — Agile, Scrum, Risk Analysis** — Istanbul Aydın University (2024)
- **Penetration Testing & Ethical Hacking** — Self-Study / TryHackMe (2022–Present)

ADDITIONAL INFORMATION

Languages: Arabic (Native), English (Professional), Turkish (Intermediate)

Nationality: Jordanian | **Location:** Istanbul, Turkey

Interests: Cybersecurity research, open-source development, ethical hacking (TryHackMe)
